20 November 2018

New Coach Station at the Hong Kong International Airport

As part of the construction works for the expansion of the Hong Kong International Airport into a three-runway system, the existing Coach Station in Terminal 2 will be closed, and the operations of the affected coach and limousine services relocated to other locations at the airport. In order to facilitate a smooth transition, such relocation will be carried out in phases.

As the first phase of this transition, the new Coach Station adjacent to Car Park 1 will commence operations on 26 November 2018 at 09:00 am. Domestic, non-franchised buses, including hotel and tour coaches, could the new Coach Station from that time onward, and shall stop using the existing Coach Station in Terminal 2 after 03:00 am on 1 December 2018.

Meanwhile, cross-border coaches and SkyLimos would continue to use the existing Coach Station in Terminal 2 until further notice.

Initially, 18 pick-up bays will be in operation at the new Coach Station, and we target to have a waiting lounge and six more pick-up bays in operation in Q1 2019.

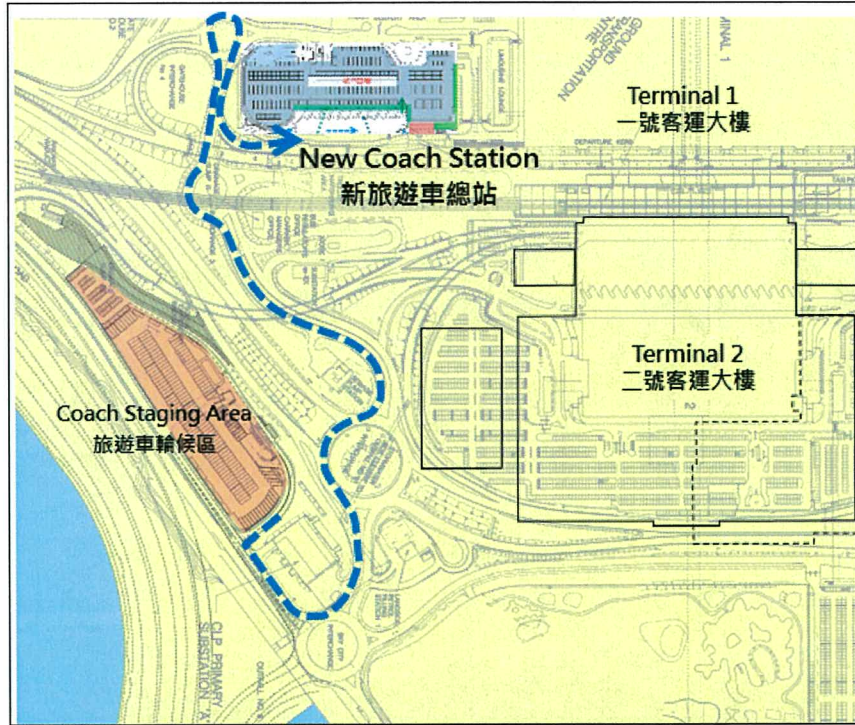

Attached please find the notice issued to Travel Industry Vehicle Permit Holders, with a location map of the new Coach Station. We are most grateful if you could help promulgate this information to your members and related parties as deemed appropriate. Should you have any questions, please feel free to contact our colleagues Ms. Tonya Kam at 2183 2028 or Mr. Patrick Ho at 21833629.

Yours sincerely,

Paul Cheng
General Manager, Market and Connectivity Development
