

Airport Express Provides Shuttle Service between Airport and Hong Kong Station from 1300hrs on 7 October

(HONG KONG, 7 October 2019, 0900hrs) – In view of potential protest activities, Airport Authority Hong Kong (AA) has been working with its business partners to implement measures with a view to ensuring smooth operations.

From 1300hrs today until close of service, Airport Express will only shuttle between the Hong Kong International Airport (HKIA) and the Hong Kong Station.

Airport-bound Airport Express trains will only take passengers from Hong Kong Station to the airport, while city-bound Airport Express service from the airport will only stop at Hong Kong Station.

In-town check-in service at Kowloon Station has been suspended for the whole day today.

Access control at the terminal buildings of HKIA continues. Only bona fide passengers with a valid air ticket or boarding pass for a flight in the next 24 hours and a valid travel document will be allowed to enter the terminal buildings. Airport security and AA staff will be deployed to Hong Kong Station to assist checks with travellers heading to the airport regarding required documents or proof.

Passengers are advised to allow sufficient time to travel to the airport. Passengers can also check with their respective airlines, or the airport's website and "HKG My Flight" mobile app for updated flight information.
