Dear Travel Trade Partners

Please be informed that the Peak Tram will temporarily suspend service from 7 am to 5 pm on Thursday, 29 October 2020 for preparation works associated with the Upgrade Project phase two construction works. Services will resume at 5 pm on the same day.

During the service suspension, alternative public transportation will be available: -

Note:

- The Peak Tower and Sky Terrace 428 will remain open during the period.

We apologise for any inconvenience this necessary work may cause. More importantly, the safety of our passengers is our top priority and this work will help to ensure that the Peak Tram remains a sound and reliable mode of transport for the community and one of Hong Kong's most popular tourist attractions.
