

留意數據漫遊費用

如不需要使用數據漫遊服務，你可以：

- 要求營辦商暫停流動數據漫遊服務（只保留話音漫遊服務）
- 在手機設定暫停數據漫遊功能（這項功能只適用於某些手機型號）
- 在外地使用另外一部沒有流動數據功能的手機

如需要使用數據漫遊服務，你可以：

- 在離港前，向營辦商查詢目的地可使用的流動數據服務情況、可選擇的漫遊夥伴、服務收費詳情
- 關閉電郵和其他軟件的自動更新功能
- 考慮購買目的地的預付智能卡
- 考慮選用設有收費上限的數據漫遊計劃

Be Mindful of Data Roaming Charges

If mobile data roaming service is not required, you may:

- request the operator to deactivate the mobile data roaming service (keep the voice roaming service only)
- disable the mobile data roaming function in your handset (this feature is only available on certain handset models)
- bring another handset without mobile data function for use outside Hong Kong

If mobile data roaming service is required, you may:

- check with your operator on the availability of mobile data roaming services and roaming partners in the destination as well as the details of the service plans before departing Hong Kong
- switch off the automatic update functions for emails and other software
- consider purchasing a local prepaid SIM card at the destination
- consider choosing a charge-capped data roaming service plan
