

The 26km Guangzhou-Shenzhen-Hong Kong High Speed Rail (Hong Kong Section) runs from West Kowloon, connecting Hong Kong with the Mainland's national high-speed rail network. Daily maintenances of the MTR operated "Vibrant Express" high-speed trains are performed at the Shek Kong Depot.

Promoting local tours has become an important initiative for the travel industry under the COVID-19 pandemic. In order to support the travel industry to add more local elements, MTR invites local tour operators to include Shek Kong Depot as a brand-new scenic spot in the itinerary during suspension of HSR service. Visiting the Depot and the "Vibrant Express" (please see Annex 1 for details) will bring local tourists an extraordinary experience of "High Speed Rail In-depth Tour".
